

PATHWAY TO CHARTERSHIP PROGRAM

Achieving Chartership & Professional Status

WHO All Engineers and Drafters

WHAT Triaxial is committed to advancing the standing, reputation and careers of our Engineers and Drafters. The Company will therefore fund the cost of the Chartership Program and other approved *Engineers Australia* Programs.

Triaxial will also provide mentor support for any of our Engineers and Drafters who embark on courses.

PERSONAL CAREER DEVELOPMENT

Your Professional Development Is Our Priority

WHO All employees

WHAT After successfully passing probation, the organisation will meet the cost of fees for approved professional courses and training programs which improve individuals' skills and enhances career development.

Triaxial takes the approach that employees join the organisation for career growth and personal development, not just for a job.
